

## MEC600 Metal Edge Cutter

Item no. 640080

- no damage to the deeper sheet metal structure
- milling depths continuously adjustable
- innovative carbide special cutters for steel and aluminium
- high application safety when opening laser welded seams (Plasmatron welding)
- no sparks - in combination with cutting oil (BTR fluid)
- no heat pre-treatment on the car body necessary
- quick tool change

Scope of delivery:

- 1 x basic unit pneum. cpl.
- 1 x machine attachment MEC600
- 1 x locking nut MEC600
- 1 x milling cutter **LongLife** (for steel sheets)
- 1 x gauge MEC600
- 1 x protective cover
- 1 x allen key
- 1 x instruction manual

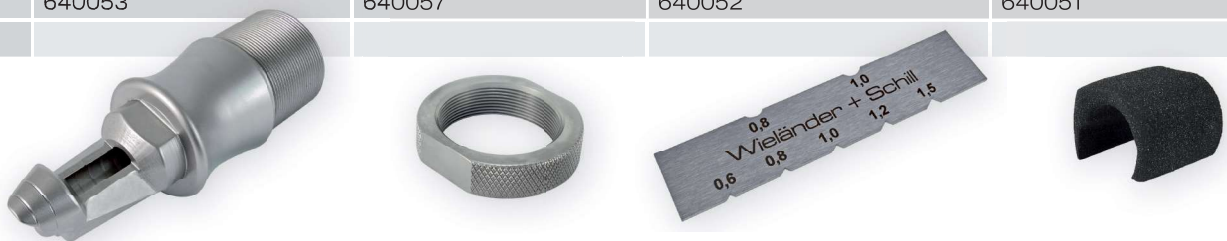

## MEC600 Milling Cutter

Item	<b>LongLife</b>	<b>LSN   Laser welded seam</b>	<b>carbide cutter for ALU</b>
Ø	6 mm	6 mm	6 mm
Item no.	640063	640069	640062

## MEC600 Accessories

Item	<b>machine attachment V2</b>	<b>locking nut</b>	<b>gauge</b>	<b>protective cover</b>
			for optimum milling depth Sheet thickness 0.6 to 1.5 mm	finger protection during milling
Item no.	640053	640057	640052	640051

## MEC600 Lubricant

Item	<b>cutting oil</b>	<b>Drill WAX</b>
	<b>125 ml for steel</b>	<b>65 g for aluminium milling cutters</b>
Item no.	628000	640067
