XPull - manual riveting tool

Item no. 700098

The XPull is a mechanical-hydraulic power amplifier which allows to generate a setting force of up to 20 kN with a mere hand force. The power transmission ratio is 1:8.

Furthermore, the XPull guarantees the use of all currently listed WS-tension adapters such as Tool Box RS-04.

Delivery including pulling adapter **M10** for blind rivet nuts with **left-hand thread**.
